RE: Permit Application

Mr. Clay:

Enclosed you will find an APPLICATION FOR PERMIT TO CONSTRUCT ACROSS OR ALONG A STREAM AND / OR WATER QUALITY CERTIFICATION and drawings indicating the area in question. My client wishes to fill the portion of his property located west of the shown gas line to a elevation out of the floodplain in order to allow for future development. I have enclosed a topographic survey of the property as well as an overlay of the property on the Farmington 7 ½ min. Quad Map for your review. Also enclosed is the public notice run in the local newspaper. We are aware that a small portion in the northwest corner of the property, is considered a wetland and we are in the process of mitigating this with the Army Corp of Engineers and acquiring the other permits that relate to the project. As shown on the drawings, information obtained from KY Dept. of Highway Plans indicate the floodway elevation, 100 and 25 year H.W. elevation. At this particular time we do not have a specified elevation we wish to fill to. We are mainly concerned with raising the property to a suitable elevation to allow for future development. In addition to finalized plans, prior to construction Mr. Youngblood intends to submit a NOI form and have the proper BMP documentation in place.

Please review the enclosed documentation and contact me if you have any questions or comments. Thank you for your time and assistance.

Sincerely,

Jason W. Looper

COMMONWEALTH OF KENTUCKY
ENVIRONMENTAL AND PUBLIC PROTECTION CABINET
DEPARTMENT FOR ENVIRONMENTAL PROTECTION
DIVISION OF WATER

APPLICATION FOR PERMIT TO CONSTRUCT ACROSS OR ALONG A STREAM
AND / OR WATER QUALITY CERTIFICATION

Chapter 151 of the Kentucky Revised Statutes requires approval from the Division of Water prior to any construction or other activity in or along a stream that could in any way obstruct flood flows or adversely impact water quality. If the project involves work in a stream, such as bank stabilization, dredging or relocation, a 401 Water Quality Certification (WQC) from the Division of Water will be required. This completed form will be forwarded to the Water Quality Branch for WQC processing. The project may not start until all necessary approvals are received from the KDOW. For questions concerning the WQC process, contact the WQC section at 502/564-3410.

If the project will disturb more than 1 acre of soil, A Notice of Intent for Storm Water Discharges will also be required. Both forms must be returned to the Floodplain Management Section of the Division of Water.

1. OWNER: YEC Properties, LLC 18338A
Give name of person(s), company, governmental unit, or other owner of proposed project.
MAILING ADDRESS: 111 Pioneer Industrial Drive, Mayfield
KY 42066
TELEPHONE #: 270-247-1400 EMAIL: brad@youngbloodexcavating.com
